YOUTH ACTIVITY ZONE

What would you like to do in Sutton and how would you like to tell us?

Record a podcast, try out the Virtual Reality Zone and Lego Education, have some fun and enjoy some lunch

What We Do

We represent the views of parent/carers of children and young people with additional needs and/or disabilities in Sutton.

We do this by organising consultation events, coffee mornings and Focus Groups which are promoted locally, posted on our website and mailed to families

The Steering Group members attend decision making boards, including the Disability and Transition Partnership Board and the CAMHS Partnership Board.

Parental Support

We support families, children and young people to identify positive outcomes through person centred planning.

We provide help, support, information and advice including completing CAF forms, ICount registration, DLA and PIP. We can support you at meetings including Annual Reviews, school and college visits.

We act as a named contact working with different services to help you navigate the system.

We provide information to help you understand personal budgets.

Our Parental Supporters have passed the Council for Disabled Children's legal training qualifications and attend regular training courses including welfare benefits entitlements with the CAB.

Our Parental Supporters complete annual safe-guarding training and have enhanced DBS checks.
